THE KNOWLEDGE VOLUNTEERS (TKV)

DIDACTICAL KIT AND MATERIALS

"The knowledge volunteers (TKV) project involves older and young people in an educational and training plan based on voluntary activities and an inter-generational, peer-to-peer learning model. It aims to promote the acquisition of digital competences among elders at risk of exclusion and intergenerational relations that also benefit the education of young people. TKV project ensures the information society benefits could be truly for all"

To realize part of the objectives, TKV project:

- Enrich, translate, customize the **didactical kit** composed of 7 manuals: Guidelines for Tutors, Guidelines for Grandparents, Guidelines for Teachers, The ABC of ICT, Social Networking, e-Government, Easy Technology.

Download the didactical kit at: www.tkv.mondigitale.org

- Implements a dissemination process - reaching many EU Countries via a multilingual didactic kit and materials like **website**, **brochure** and **video** to enlarge the project's stakeholder network.
- Develop an **online environment** - to create communities of elders, students, teachers, other stakeholders using-improving the methodology and sharing knowledge (experiences/solutions); the integration of the "physical environment" of current elderly training programmes and this "virtual environment" results in an innovative Phyrtual environment based on social networking and knowledge codification.
